

To whom it may concern:

June 2014
Japan Auto Appraisal Institute

Change of Certificate for Pre-Shipment Vehicles
To be Exported to Sri Lanka

Thank you for your continuing support and understanding of our activities.

The Japan Auto Appraisal Institute (JAAI) has received a request from Sri Lankan Import & Export Control authority, as shown in attached form, to change the contents of the certificate, as well as changes in paper color of inspection certificate.

To meet the request, JAAI announces the changes of the above-mentioned matter, as well as change of part of inspection standards as follows:

1. Changes in Certificate Contents:

Beginning from July 1, 2014 (Tuesday), the date of inspection

2. Major changes in the descriptions

Former Certificate, Sheet 1 and Sheet 2 will be replaced with the following 3-page format (Form 1/3, 2/3 and 3/3).

Form 1/3: Description items have been reduced from former 23 to 16.

Deleted items were year of manufacture, inspection mileage (which were moved to Form 3/3), and unladen weight, width, height, type of body and number of seats.

Newly added item is engine model.

Form 2/3: Vehicle condition report and list accessories sheet

To be used for checking accessories, entering inspection results and accident history.

“Not submerged vehicle” will be entered in the column of remark.

Form 3/3: Certificate of odometer reading

This is a new compulsory set regarding vehicle mileage for the certificate.

※Certificate issuance fee is included in the inspection fee.

There are three items to be entered as follows:

- 1) Inspected mileage: Odometer reading of vehicle at the date of inspection.
- 2) Mileage recorded at auctions: Mileage provided through the mileage database of Nippon Auto Auction Association (NAK).

Hyphen “-“ should be entered if the mileage record is not available with NAK database.

- 3) Odometer reading at dealer: Mileage checked at car dealers.

This is for a used vehicle which comes with certificate of mileage with checking date, or which comes with repair record. Hyphen “-“ should be entered if such a document is not available.

Pre-shipment inspection Certificate

We hereby declare that the second-hand motor vehicle, described hereunder to be exported to Sri Lanka has been inspected by our organization. The particulars of which are as follows and this Pre-shipment Inspection Certificate has been issued to the under-mentioned applicant.

(a) Name of Inspection Organization: JAPAN AUTO APPRAISAL INSTITUTE
 (b) Address: 2-21-1, NISHI-SHINJUKU, NISHI-SHINJUKU, TOKYO, JAPAN
 (c) Tel No.: (03) 5773-3800 Fax No.: 3801 E-mail: JAAI@JAAI.CO.JP
 (d) Place of Inspection: H.Y.O.G.O. (24)
 (e) Date of Inspection: Dec. 1, 2011

2. Particulars of applicant:
 (a) Name: [Redacted]
 (b) Address: [Redacted]
 (c) Tel No.: [Redacted] E-mail: [Redacted]

3. Particulars of second-hand motor vehicle

(1) Type of vehicle	Sedan Car
(2) Make	TOYOTA
(3) Model	DBA-KSP90
(4) Commonly Called (emblem reading)	VITZ
(5) Grade (emblem reading)	B S-Edition
(6) Body Colour	Dark Red
(7) Fuel Type	Gasoline
(8) Year/Month of First Registration	Oct-2010
(9) Engine Capacity	990cc
(10) Chassis Number	KSP90-5221195
(11) Engine Model	1KR
(12) Engine Number	1KR-1148443
(13) Gross Vehicle Mass	1,255kg
(14) Wheel Base	2,450mm
(15) Country of Origin	Japan
(16) Tyre Size	175/70R14 81S
